

spring 2015 course: religion 238

FAITH AND DOUBT IN THE MODERN WORLD

prof. charles marsh
tuesday + thursday
2:00-3:15 pm + section

- is belief in God a product of wishful thinking?
- does religion promote violence?
- on what basis do some intelligent people argue that belief in God is rational & other that belief in God violates reason?
- what are the implications for people of faith?

exploring works by albert camus, c.s. lewis, sigmund freud, david bentley hart, david hume, friedrich nietsche, dietrich bonhoeffer, george eliot, wim wenders & more.
